

GUN CONTROL OUTTA CONTROL

Woe oh woe oh

You think you're losing your rights, the right to defend yourself
No need for overkill, no more Sandy Hook
Say a gun's for protection, written in the constitution
But there's a killer looking for attention, thirty rounds blow you all away

No Control, Out of Control
Give you ten for thirty and a background check
Gun Control, Out of Control
It's gonna land in the wrong hands

Woe oh woe oh

Uptight on the right, living in fear, telling their base what they wanna hear
Standing in the way of democracy, in the name of homeland security
When Ted talks you can feel the hate, locked and loaded at the gate
Terrorist, racist, fundamentalist, bound to be on somebody's list

No Control, Out of Control
Give you ten for thirty and a background check
Gun Control, Out of Control
It's gonna land in the wrong hands

Get your hands up
Woe oh woe, Look at now

Someone's on the killing floor, someone you know ain't no more
Police and the media come, all that's left to do is mourn
Woe oh Woe oh

No Control, Out of Control
Give you ten for thirty and a background check
Gun Control, Out of Control
It's gonna land in the wrong hands

It's gonna land in the wrong hands
It's gonna land in the wrong hands
Out of control
