

PUT THEM MEN AWAY

Down in 30's Alabama, nine Black men they put in chains
Said ya'll raped two white women
But they're innocent, of everything they claimed

They put them men away, sent to prison,
They put them men away, electrocute em
Put them men away
A oh oh a oh ooh

They had trials and they had juries
Guilty verdicts were sustained
Bigot lies, bigot system
Lives ruined, and the scars remain

They put them men away, sent to prison
They put them men away, electrocute em
They put them men away, incarcerate em
They put them men away, electrocute em
Put them men away

Behind bars they remained, behind bars they remained
They put them men away
A oh oh a oh ooh

Electrocute em
Put them men away, put them men away

They put them men away, they put them men away
They put them men away
Put them men away
