

SUM OF YOUR LOVE

Floatin' around, pick myself up outta the house
Floatin' around, pick this lock and bust on out
Don't ask for much, only to have some fun
Floatin' around, get my ass crosstown, oh

Cut me some of your love, on the edge tonight
Cut me some of you love, need a little on the side
Get into the action, sharpen up my knife
Need you here with me, Strut your stuff

Cut me the sum of your love, cut me some of your love
Cut me the sum of your love, What ya made of
The sum of your love

Floatin' around, hangin' in and hangin' out
Floatin' around, do it up and chug it down
All I need, someone to be around
Floatin' around, wind it up and wind it down, oh

Cut me some of your love, on the edge tonight
Cut me some of you love, need a little on the side
Wanna be your heart throb, sharpen up my knife,
Need you here with me, can't get enough

Cut me the sum of your love, cut me some of your love
Cut me the sum of your love, what ya made of
Cut me the sum of your love, what I've been dreaming of
Cut me the sum of your love, what ya made of
The sum of your love

Hold my head up high, when loneliness hits me
Hold me head up high, so bitter sweet, sweet

Cut me the sum of your love, cut me some of your love
The sum of your love, Gotta all add up
Cut me the sum of your love, cut me some of your love
Cut me the sum of your love, what ya made of
Sum of your love
